The Rotary Club of Windsor Inc. Weekly Meeting – 15th August 2018

The weekly meeting was chaired by President **Col Mitchell** who welcomed members and guests. Sargent **Tom Millington** asked PP **Garry Baldry** to lead Grace.

Barry Kennedy introduced **Wade L'Strange** who made a passionate speech regarding his personal story and his plight of giving back by organising drought relief for the farmers in western NSW.

Wade's support crew **Sally-Jane Morgan** and **Carly Hopkins**.

International Director **Paul Fraser** advised that the Balibo playground was dockside and that a \$2.5k grant from the Rotary Foundation was covering half of the cost to Windsor Rotary. Applause.

Barry Kennedy introduces guest speaker **Meagan Ang**.

Meagan gave a very informative speech on her role as Community Programs Coordinator at Hawkesbury City Council – informing members about the Youth summit, the mental health forum, the issues surrounding domestic violence, the Disability Inclusion Action Plan, community networks including “Hawkesbury Connect” and how you can subscribe to Hawkesbury E-news.

Meagan fielded numerous questions from the members, a sure sign that the talk was very topical and interesting.

Blast from the past.....where is this?

From the bulletins of old.....

9th August 1989....Norm filled in as Sargent, jokes galore – where does he get them all? 7 late tonight – brother Barry seemed to have the only bulletin with Finland misprinted.

24th January 1990.....Trevor Whitmore filled in as guest speaker and told us about his recent competing at the Australian water skiing and speed boat national titles. These were held on Wyangla Dam near Cowra. There were various events with rather complicated rules. We gathered that because competitors paid such a huge amount of money for their boats, they could only afford pieces of rough sawn Oregon or fence palings to ski on. But a lot of fun and Trevor won his marathon!

31st January 1990.....Ross spoke of the delights of seasickness and sailing on the Fairstar, with one cyclone on the way out and one on the way back. Should have been titled “Why I don’t like travel agents who fail to tell clients about the cyclone season.”

Quotes of the week by Orville Wright:

If we worked on the assumption that what is accepted as true really is true, then there would be little hope for advance.

Learning the secret of flight from a bird was a good deal like learning the secret of magic from a magician.

If birds can glide for long periods of time, then... why can't I?

No flying machine will ever fly from New York to Paris,

If my father had not been the kind who encouraged his children to pursue intellectual interests without any thought of profit, our early curiosity about flying would have been nipped too early to bear fruit. Wilbur, it flies!

The Four-Way Test

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better friendships?
4. Will it be beneficial to all concerned?
